

## Travel Log

---

Complete this worksheet. Use additional paper if needed. Use the worksheet to organize your presentation.

- 1** Describe the importance of landforms, climate, natural resources, and trade in Meso-America. How can your king use this information to plan a war?

---

---

---

---

---

---

- 2** Why were astronomical observations important to the Maya? What did these observations have to do with their calendar, their beliefs, and the decisions they made? How will you include this information in your presentation?

---

---

---

---

---

---

- 3** What was the relationship between Mayan religion and politics? What role did kings play in Mayan society? How can your king use this information to plan a war?

---

---

---

- 4** Describe two elements of Mayan religion, and provide at least one example of how each was used in art, architecture, or daily life. Describe one of the temples you have visited. What is its name, what did it look like, and what did it contain? How will you include this information in your presentation?

---

---

---

---

---

---

- 5 Report on the great Mayan cities and provide at least three examples of things that people might have done in their daily lives, other than religious activities. How will you include this information in your presentation?

---

---

---

---

- 6 What pictures will you include in your presentation? Describe each image.

---

---

---

---

### **Extra Credit**

---

What new phrases, words, and information did you discover in your research?
