

Matilda

By: Roald Dahl

Novel Study Project Choices

You need to choose one way of showing your understanding of the story. Pick the option that sounds the most fun for you.

Verbal/Linguistic

Choose an event from the story that you really thought was interesting, and re-write it from another character's point of view. How would they see and explain the same event?

Visual/Spatial

Turn one chapter of the story into a comic book strip.

Musical

Write a song that Matilda might sing about her life.

Intrapersonal

Put yourself in Matilda's shoes. Write a letter to Ms. Honey, telling her how you feel.

Interpersonal

Pretend you are a reporter and are interviewing Matilda once she is grown up. What questions would you ask her and what do you think her answers would be?

Logical/Mathematical

Make a time line to show the important events of Matilda's life.

Bodily-Kinesthetic

Miss Trunchbull used to be an athlete. Plan a game that Miss Trunchbull might make her students play in gym class. Write out your plan so we can play the game too!

Naturalist

Draw a picture of Miss Honey's house, and label and describe the different parts of it.
